- Batteryx1
- USB Cablex1
- Power Adapterx1
- Wearable strapx1
- Quick Start Guidex1

Instructions for Unpacking

Installing a SIM Card/TF Card

Open the battery cover and slide the SIM card to the card slot in the direction indicated by the arrow shown in the picture.

SIM Card 1 SIM card 2(opt) Installing a SIM Card Installing a TF Card

Note:

- a)SIM card 1, SIM card 2 are Nano SIM cards.
- b)Overexertion should be avoided when installing or removing the battery

Instructions for Charging

Connect the USB-A port to the adapter, and the other end to the device.

Power adapter

USB cable

Battery Installing

Slide and align the battery into the battery compartment and press the battery firmly. Then place the battery cover back and lock the battery release latch. As shown in the pic:

Power Options

- Power on: Press and hold the power key until you see a splash screen on the device.
- Power off: Press and hold the power key until the device is shut down.
- Forced restart: Press and hold the power button for 10 seconds.
- Fast restart: Power off the device and replace the main battery within 5 minutes, and then press the power key to restart instantly(spare battery version only).

Indicator

Battery		Full power
		Medium power
		Low power
Network Signal		Good signal
		Unstable signal
	NONE	SIM card not installed.
		No service.
WiFi		WiFi connected
	NONE	WiFi switched off

Precautions

1. Read all information in this guide before using the device to ensure safe and proper operation.
2. Please use the accessories that have been approved by MEFERI and corresponds to this model. Use of any power source, charger, battery, etc. that has not been approved by MEFERI may cause a fire, explosion, or other hazards.
3. Please use device and accessories within the specified temperature range. Equipment failure may occur when the ambient temperature is too high or too low.
4. If the battery is not detachable, please do not replace the battery by yourself in case of any damage to the battery or the device. The battery shall be replaced by authorized service centers only.
5. Do not disassemble the product and its accessories. If the equipment or any of its components are not working properly, please contact and consult our after-sales service center, or send the device to our after-sales service outlets for testing and servicing.
6. If the battery shows abnormal signs of peculiar smell, overheat, color change, distortion or leakage, remove the battery from the charger or the device immediately and stop using it.
7. The battery is made from a flammable and explosive material. Do not disassemble, squeeze, drop and make any other destructive operations on the battery. Do not place the battery in high temperature.
8. Disposal of used batteries is subject to local relevant documents or policies regarding disposal of used batteries.

Warranty Policy

Warranty terms

1. Under normal circumstances, the warranty period of the device is 12 months ,3 months for accessories, subject to the sales agreement.
2. During the product warranty period, under the normal use conditions (determined by our technical staff), the user will be entitled to a free warranty for damaged or faulty warranty parts.
3. During the warranty period, faults caused by repair, disassembly or modification of the product by a personnel other than our company, improper installation, improper use by the user (failure to follow instructions), serial number damage, accident or natural disaster, will not be covered under the warranty.
4. The warranty will expire immediately if any alterations are made to the warranty card.
5. Please show the equipment SN and purchase certificate for repair. The company reserves the right to interpret the above contents.
6. If you have trouble using the device, please e-mail to meferi@meferi.com.

NB

This product complies with the radio interference requirements of the European Community.

Product name: HANDHELD TERMINAL

Product model: ME40K

Manufacturer: Meferi Technologies Co.,Ltd.

Frequency Range: 2.402GHZ-2.480GHZ,2412-2472MHZ,5.15GHZ-5.25GHZ,

5.25GHZ-5.35GHZ,5.47GHZ-5.725GHZ,5.725GHZ-5.85GHZ,

22.68dBm Max.

SIMPLIFIED EU DECLARATION OF CONFORMITY

The simplified EU declaration of conformity referred to in Article 10(9) shall be provided as follows:

Hereby, Meferi Technologies Co.,Ltd. declares that radio equipment type ME40K is in compliance with Directive 2014/53/EU, and this product is allowed to be used in all EU member states. The full text of the EU declaration of conformity is available at following This product can be used across EU member states. EUT Operating temperature: -10-45°C

FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

This device may not cause harmful interference, and This device must accept any interference received, including interference that may cause undesired operation. Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radiocommunications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
Reorient or relocate the receiving antenna.
Increase the separation between the equipment and receiver.
Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
Consult the dealer or an experienced radio/TV technician for help.

This SMARTPHONE meets the government's requirements for exposure to radio waves. The guidelines are based on standards that were developed by independent scientific organizations through periodic and thorough evaluation of scientific studies. The standards include a substantial safety margin designed to assure the safety of all persons regardless of age or health.
FCC RF Exposure Information and Statement
The SAR limit of USA (FCC) is 1.6W/kg averaged over one gram of tissue. Device types: ME40K (FCC ID: 2A9LJ-ME40K) has also been tested against this SAR limit. The highest SAR value reported under this standard during product certification for use at the ear is 0.842W/kg and when properly worn on the body is 1.108W/kg.

This device was tested for typical body-worn operations with the back of the handset kept 0mm from the body. To maintain compliance with FCC RF exposure requirements, use accessories that maintain a 10mm separation distance between the user's body and the back of the handset. The use of belt clips, holsters and similar accessories should not contain metallic components in its assembly. The use of accessories that do not satisfy these requirements may not comply with FCC RF exposure requirements, and should be avoided.
Body-worn Operation

This device was tested for typical body-worn operations. To comply with RF exposure requirements, a minimum separation distance of 10mm must be maintained between the user's body and the handset, including the antenna. Third-party belt-clips, holsters, and similar accessories used by this device should not contain any metallic components. Body-worn accessories that do not meet these requirements may not comply with RF exposure requirements and should be avoided. Use only the supplied or an approved antenna.
